POST-TREATMENT CARE PROTOCOL

Note: For this protocol, you are provided with **Neocutis Gentle Cleanser**, **Alastin Regenerating Skin Nectar**, and **SkinCeuticals Epidermal Repair**. Follow the specific routine below exactly to optimize your skin rejuvenation.

NIGHT 1 (FIRST 24 HOURS)

Use the entirety of the Avene Cicalfate found in the small sample jar on the first night and morning after.

DAILY SKINCARE REGIMEN (DAYS 1-7)

Morning Routine

1. Wash gently with Neocutis Gentle Cleanser (lukewarm water, pat dry).
2. Apply 1-2 pumps of Alastin Regenerating Skin Nectar.
3. Apply a generous layer of SkinCeuticals Epidermal Repair.
4. Finish with a pure mineral SPF 30+ (reapply every 2 hours).

Evening Routine

1. Wash gently with Neocutis Gentle Cleanser.
2. Apply 1-2 pumps of Alastin Regenerating Skin Nectar.
3. Apply a thick, comforting layer of SkinCeuticals Epidermal Repair.

ESSENTIAL GUIDELINES

Alastin Skin Nectar Benefit

This formula works deep within the skin to clear out damaged collagen and elastin fragments while supporting the growth of fresh, healthy tissue. Apply it directly to clean skin before any other moisturizers.

SkinCeuticals Epidermal Repair Benefit

This acts as your protective, soothing shield to deeply hydrate, reduce redness, and repair the compromised skin barrier. Reapply throughout the day whenever the skin feels tight or dry.

No Outside Products

Do not introduce any other serums, oils, makeup, or active ingredients (Retinol, Glycolic Acid, Salicylic Acid, Vitamin C) until the skin is completely smooth, healed, and you have received clearance.

Avoid Friction & Heat

Do not rub, pick, or scrub the skin. Avoid hot showers, steam rooms, saunas, and intense exercise for the first 48 hours.
